Sandra has always been passionate about tango. She has been dancing for almost 20 years, studying and training to become one of the best dancers in her region. Sandra leads and follows. Dancing with her is a real joy.

My name is Tina Riccardi, I have been a professional classical dancer since I was young, a dancer and Tango teacher for over twenty years.

My experience as a classical dancer has allowed me to acquire technique, body awareness, rigor and musicality which are very precious for teaching Tango.

On the other hand, the difficulties encountered during my learning of Tango (being guided, connecting, dancing in pairs in improvisation), helped me to understand and decipher the harmony, essence and spirit of Tango. These elements have allowed me to direct my teaching that goes far beyond learning the steps.

"Freer, more relaxed, safer, therefore more fun."
